### DEVELOPMENT AND PEACE – PEOPLE AND PLANET FIRST

World leaders have  
gathered for the 26<sup>th</sup> UN  
Climate Change  
Conference of the Parties  
(COP26). Although these  
powerful decision-makers  
are debating the future of the planet, they are  
probably too far removed from the realities  
of its most vulnerable people. It is up to us  
to hear and amplify the voices of those who  
are defending their rights and the  
environment against economic ravage.

Medarda Hernandez, whose community in  
Honduras has been repeatedly harmed by  
large industrial projects, including  
supposedly “green” projects, says, “if other  
extractivist projects start in our community,  
we are not going to let them pass. I ask the  
international community to come to our aid,  
because we are really suffering from this  
situation.”

So that people like Medarda do not go  
unherd, lets make Canadian companies  
operating abroad responsible for protecting  
human and environmental rights. Join  
Development and Peace's *People and Planet  
First* campaign to make this happen. Visit  
<https://devp.org/en> to learn more.
